Whole School Quality Circle Time (QCT)

Programme Overview
Quality Circle Time is a holistic, highly effective approach, which has been used by several leading schools across India for over 18 years. It is based on the Whole School Eco-systemic Model (WSE) developed by Jenny Mosley, a widely regarded teacher trainer, author and drama therapist based in the UK.
The Teacher Foundation (TTF) is the sole accredited training provider in India for Jenny Mosley Consultancies, UK. TTF has trained thousands of teachers across India on QCT.

The World becomes what we teach...... The world will not become what we don't teach! Through Quality Circle Time we can explicitly model and teach the social and emotional learning facets – self awareness, self-management, social awareness, responsible decision-making and relationship skill.

Quality Circle Time entails:
➢ the whole class sitting in a circle – non-hierarchical and inclusive
➢ children taking turns in speaking and listening, sharing ideas, contributing to a group situation, observing, thinking, concentrating
➢ learning relationship skills, assertive communication
➢ cooperative games, rounds, drama techniques, puppet play and discussions designed to promote trust, respect, empathy and understanding.
➢ exploring issues relating to personal, social, moral and health education.
➢ enhanced self-esteem, emotional intelligence and team or group work skills of students and teachers in schools.
➢ emotional 'safety' for the whole class produced by firm but gentle ground rules.
➢ equality of and respect for all participants.

Programme Details
This workshop will be conducted in 4 online sessions of 2 hours each.

The sessions will help participants understand the ethos of the Whole School Quality Circle Time Model to promote positive behavior and respectful relationships in their school. It also trains them in conducting Circle Time sessions effectively with children. The participants will explore listening systems, appreciation systems and staff morale as integral elements of the WSE model. Participants will also experience an online QCT session for themselves and learn to develop lesson plans for the QCT sessions.

There will also be pre and post session assignments included for each session.

Investment
INR 2000 per teacher (inclusive of GST) for a batch of 30 teachers
